

## Teamwork Really Makes the Dream Work!

The City of Woodland's team has worked persistently to obtain grants, etc. that would be beneficial for the community. The hard work has finally started to pay off. The Georgia Department of Community Affairs has awarded the City with a Community Development Block Grant in the amount of \$685, 289 dollars. The funds will be used to upgrade the City's water system.

A few of the City's team members, Mayor James Carter, Council member Allison Owens, and Attorney Gary Byrd, stand proud as they hold the "Big Check" that the City received.

Good job Woodland!!
